Re: APPLICATION FOR PUBLIC HEARING

Lower Cotton Valley Formation, Reservoir A; Cotton
Valley "D" Zone; and Hosston (Travis Peak)
Formation; SLIGO FIELD, Bossier Parish, Louisiana.

Dear Sir:

DEVON ENERGY PRODUCTION COMPANY, L.P. ("Applicant"), hereby respectfully applies for a public hearing to consider evidence relative to the issuance of Orders pertaining to the following matters relating to the Lower Cotton Valley Formation, Reservoir A; the Cotton Valley "D" Zone; and to the Hosston (Travis Peak) Formation; all in the Sligo Field, Bossier Parish, Louisiana:

1. To permit Applicant to drill, designate and utilize its Thigpen 13 No. 1 Well, at the location shown on the attached plats, as a substitute unit well for LCV RA SUA and CV D SUN, and as an alternate unit well for HOSS TP SUP.
2. To approve an exception to the well location provisions of Office of Conservation Order No. 8-K, effective October 16, 1990 (applicable to the Lower Cotton Valley Formation, Reservoir A), and Office of Conservation Order No. 8-B, effective September 1, 1956 (applicable to the Cotton Valley "D" Zone and Hosston (Travis Peak) Formation), for the location of the Thigpen 13 No. 1 Well.
3. To find that drilling, designation and use of the Thigpen 13 No. 1 Well as a substitute unit well for LCV RA SUA and CV D SUN, and as an alternate unit well for HOSS TP SUP is necessary to efficiently and economically drain a portion of the Lower Cotton Valley Formation, Reservoir A, the Cotton Valley "D" Zone and the Hosston (Travis Peak) Formation, underlying these units which cannot be efficiently and economically drained by any existing well within these units.

4. To permit the Operator of HOSS TP SUP to produce the allowable assigned to this unit from either the unit well, any alternate unit well, or from any combination of such wells, at the option of the Operator.

5. To designate Applicant as Operator of LCV RA SUA and of CV D SUN.

6. To approve the downhole combination of production from the Lower Cotton Valley Formation, Reservoir A, the Cotton Valley "D" Zone and the Hosston (Travis Peak) Formation, or from any combination of such reservoirs, in the wellbore of the Thigpen 13 No. 1 Well and in the wellbore of any existing well or subsequently drilled well located on these units.

7. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.

The Lower Cotton Valley Formation, Reservoir A, in the Sligo Field, Bossier Parish, Louisiana, was defined in Office of Conservation Order No. 8-K, effective October 16, 1990.

The Cotton Valley "D" Zone and the Hosston (Travis Peak) Formation in the Sligo Field, Bossier Parish, Louisiana, were defined in Office of Conservation Order No. 8-B, effective September 1, 1956.
